

## **STATEMENT OF PURPOSE**

### **RS20847**

This proposed legislative change clearly defines the deficiency warrants process relative to disaster emergencies. Whenever the Governor has declared that a disaster emergency has occurred or the threat is imminent in executive order or proclamation, the Director of the Idaho Bureau of Homeland Security, after consulting with the Governor, is permitted to request the issuance of deficiency warrants for the purpose of paying for allowable costs associated with the proclaimed disaster emergency.

## **FISCAL NOTE**

Yes, the fiscal impact would be equal to the amount of the deficiency warrants issued.
